Career Objective

Aspiring Full Stack Developer with a strong foundation in both front-end and back-end technologies. Eager to leverage skills in JavaScript, HTML, CSS, and database management to build efficient and scalable web applications. Seeking an internship opportunity to contribute to innovative projects and further develop my technical expertise.

Education

- Bachelor of Computer Applications (BCA)
- 12th (PCM), UP Board – 2023
- 10th, UP Board – 2021

Projects

1. Portfolio

This is my personal portfolio showcasing my web projects, including a Cafe Management System with real-time billing and receipt generation. You'll also find my resume and a bit about my hobbies like exploring tech, UI design, and learning new tools.

2. Cafe Management System

A simple web-based app where users can place cafe orders, view real-time billing, and get a final receipt. Built with HTML, CSS, and JavaScript.

3. Registration Form for Colleges

Designed and developed a digital registration form for students enrolling in college programs. The system simplifies the registration process, allowing students to submit their information online and receive instant confirmation.
